

# Böttcher Purple Force

## Industrial Strength Pressroom Cleaner and Degreaser

### Uses

Böttcher Purple Force is an industrial strength cleaner and degreaser that is used to clean up pressroom floors, press parts, equipment, inks, and more.

### Application

Instructions: Economical use is best obtained by diluting with water to suit the cleaning requirement. The following dilutions are recommended as guidelines. Adjust levels to meet your specific requirements. Use hot water to enhance cleaning power. For removing heavy ink coverage and very hard and dried ink, dilute 1 part Cleaner with 1 part Blanket and Roller Wash (sold separately). Allow to penetrate and rinse clean.

**Heavy Soil:** Press Force to Water: As is to 1:4

Ink-stained floors, press frames, printing equipment parts, heavy grease

**Medium Soil:** Press Force to Water: 1:5 to 1:20

Automatic floor machines, water-based inks, walls, spray powder, paper dust

**Light Soil:** Press Force to Water: 1:21 to 1:64

Tables, consoles, wipe on/wipe off applications

### Packaging

1 Qt / 805500 • 1 Gal / 805501 • 5 Gal / 805502 • 55 Gal / 805503

### Characteristics

- Industrial strength pressroom cleaner
- Dilutes up to 1:64

### Technical Specifications

VOC (Method 24): 0.28 lb / gal  
 DOT: Non-Regulated  
 HMIS: 1-0-0-C
