

Böttcherin 60

Premium Water Miscible Roller and Blanket Wash

Uses

Roller and blanket wash for sheetfed, web and newspaper presses. Suitable for manual application or for use in automatic roller and blanket cleaning units.

Characteristics

- based on aliphatic hydrocarbons
- aromatic free
- flash point >140°F (60° C)
- water miscible
- good wetting of blanket and roller surfaces
- contains corrosion inhibitor
- leaves no residue when rinsed with water
- slow evaporation

Application

Follow the automatic washing system manufacturer's operating instructions. Match automatic system parameters to properties of Böttcherin 60.

If manual cleaning with a hand rag, wear protective gloves during application. Follow all press safety procedures. Böttcherin 60 is used undiluted when manual cleaning. Rinse with water.

Approvals

Böttcherin 60 is approved by MAN, Heidelberg, KBA, Oxy-Dri, Baldwin and WIFAG for use in their machines. FOGRA certified.
